Please join ATTACH for Interconnections, a virtual international conference for Occupational Therapists, Child Welfare Professionals, Teachers, Health and Mental Health Professionals, Parents and Caregivers.

For the 32nd year, ATTACH is bringing together some of the world's leading experts in the field of trauma and attachment. They will present the latest research, share cutting-edge approaches to understanding trauma, and offer more about the impact trauma can have on individuals, families, and communities. Through best practices and industry strategies, these leaders will educate and share methods to help parents and professionals improve connections between children and families.

This Year's Format

Rather than cramming the robust learning opportunities into one busy week, this year, ATTACH is hosting multiple sessions over several days throughout October. The conference also offers:

- Networking Anytime Through Conference App
- Professional Networking Social Event
- OT Community Social Event
- Giveaways & Gift Cards
- Virtual Exhibit Hall
- 25% More CE Credits
